Word of Wisdom Word of Knowledge <b>FAITH</b> Healings Miracles Prophecy Discerning of spirits Various Tongues Interpretation of Tongues

- When we talk about our faith, there are two aspects to this faith:
  - There is God's side
  - There is man's side
- God's Side WHAT GOD DOES
  - God declares to us WHO HE IS by revelation
  - The Bible declares God's will through His precious promises in the Bible.
  - These promises have life and power within them to change things in the physical world.
- Man's Side WHAT I MUST DO
  - In the spiritual realm, the promises of God are seeds -but for life to spring forth:
    - O They must be received.
    - O They must be watered.
    - o They must be acted upon.
  - I must do something with what I've been given.
  - I must speak God's word and activate its power.
  - God wants us to learn how to appropriate His power and ability so that we can teach others.
